Everyone's favorite duo known as Corey and Oats went on many adventures together with their friends including Piff the pufferfish and recently Piff's fellow pufferfish friend Peanut had started on another superfun sleepover series of adventures and previously he had gotten to do a special Piff Show episode with Piff and Hangyodon. And of course one good adventure really did deserve another one and this installment wasn't going to stop right there, as Piff knew just what to do.

Being the imaginative pufferfish that he was, he decided to gather everyone together, and on the day of Wednesday 19th of August, 2026 the gang all got up and got ready to have a super fun time as they had breakfast and played around for a bit, Hangyodon looked at a map that was in Mel's room and picked it up. 'What is this place? It looks like an aquarium.' 'That's because it is, it's Kelly Tarlton's.' 'Do fish live there?' 'Yes Hangyodon, fish live there.'

"What a magical place."

"Do you believe in magic, Hangyodon?"

"Oh I mostly certainly do."

'Piff tells me it's fun.' Peanut added. 'Yeah, it is.' 'Do you think we could take Hangyodon on that adventure?' 'We sure could.' Piff opened the bedbox and used some magic to open up a portal, and they all jumped through the portal - the portal showed another portal, which showed Kelly Tarlton's in the middle as they all jumped through the portal.

They all arrived through the other end at Kelly Tarlton's and they all took Hangyodon and Peanut on a special tour, magical floating bubbles guided them through the arctic area with the penguins, Hangyodon smiled as he saw the penguins and he and Piff even put their hands in the ice box. 'Did you see any of Ba

Which was followed by the gang exploring the area with the interesting specimens including the jellyfish and the stonefish as Hangyodon sang a song about sea-creatures, which was followed by the gang looking at the turtle and fish tanks, as Piff showed Peanut the pufferfish. 'That is a pufferfishy, it's our species. Isn't he precious?' 'Yeah but he is not as cool as you.' 'All pufferfish are wonderful creatures though.'

Piff giggled and the gang all had lunch at the cafe, Hangyodon even got to meet fans of his and they all entered and walked through the tunnel with all the fish - as Piff and Tangie shared a romantic moment together and showed Peanut a special secret area where there was a special

fish party going on with a swimming pool and some bubble play as they all entered the party and had fun for a couple of hours.

Which was followed by the gang going into the sea cave area and looking at the crayfish, octopus and the longfinned eels. ‘Eeelie Eels are the best and cutest.’ ‘Yes they are.’ ‘Do you like them, Hangyodon?’ Hangyodon nodded as he watched the eels and they all had some snacks before heading to the gift shop and buying presents.

Followed by the gang having afternoon tea before jumping through the exit portal and arriving back at Niie Road, just in time to have dinner and after dinner they relaxed as Mel emailed Jill about their adventure.

Piff and Tangie took Hangyodon and Peanut on a fishing trip and caught a lot of fish, which was followed by a karaoke and game session and a relaxation session. Piff and Tangie and Hangyodon all let Peanut joined their relaxation session which consisted of bathbomb sniffing, ASMR, imagination sessions and ‘guess the bathbomb scent’

Corey put on his bat pajamas as Oats put on his pink princess nightgown as they all brushed their teeth and Piff activated a closedown sequence featuring the animated fish couple, Hangyodon and a pufferfish resembling Peanut floated into a fish themed bedroom as the goodnight message appeared on screen.

Piff floated into bed and hugged Hangyodon and Tangie before he gave the goodnight speech which was: ‘Well we completed the second day of our sleepover and now it’s all time for us to go to sleep, goodnight everyone’.
